

If...

This is a fun activity to nurture discussions, taking turns and listening to each other.

### Materials:

- None

### How:

Take turns to answer.

If the walls in this classroom could talk...what would they say about this group?

You can do this several times, changing the object and the questions.

The school council can answer questions about problems, ideas, projects, issues and future goals.

### Ideas:

- If we had £5,000 we had to spend on the school this week.....?
  - If you were an Estyn inspector, what would you compliment, criticise, suggest, change.....?
-
